
Material Safety Data Sheet

Flyzone the Ultimate Fly Trap

Revised on: 5 January 2017

Revision number 3

1. SUBSTANCE / PREPARATION AND COMPANY IDENTIFICATION

Distributor:

Coopers Environmental Science (Pty) Ltd.
Reg. No. 2000/023667/07
P.O. Box 14374
BREDELL 1623
SOUTH AFRICA
TEL: (011) 979-4246/7

2. COMPOSITION and INFORMATION ON INGREDIENTS

DESCRIPTION

A slightly granular light tan powder for use as a housefly attractant.

IDENTIFICATION

Active ingredient	: Fish meal, Egg white and Brewer's Yeast (contains no actual Insecticidal active ingredients).
Cas Reg No	: N/A
Common name	: N/A
Chemical family	: N/A
Mode of action	: Protein attractant
Use	: In a fly trap

3. HAZARDS IDENTIFICATION

UN No: N/A

IMCO: N/A

HAZARDS

Non-toxic food grade components

NATURE OF HAZARD

None

NOTE: For normal handling and use of the product, please consult the label.

ACUTE SYMPTOMS OF HUMAN EXPOSURE

INHALATION

Unlikely to cause any adverse reactions. If an allergy exists to eggs, some distress may occur following excessive exposure.

SKIN

Excessive exposure may cause allergic reaction in some people.

EYE

Excessive contact may cause some irritation.

INGESTION

Should be avoided if allergy to eggs exists. Otherwise no adverse reactions expected unless large quantities ingested. Non-toxic due to absence of an actual toxic active ingredient.

4. FIRST AID MEASURES

INHALATION

Remove affected person to fresh air.

SKIN

Wash with water.

EYE

Flush with water.

INGESTION

If large quantities ingested consult doctor. If allergy to eggs suspected consult doctor immediately.

SHOW THIS SDS TO THE MEDICAL PRACTITIONER!!!!

NOTE TO PHYSICIAN

Treat symptomatically. Contains NO pesticidal active ingredient – thus non-toxic.

5. FIRE FIGHTING MEASURES

SPECIFIC HAZARDS

In the unlikely event of fire, with large quantities, nitrogen oxides may be emitted.

DECOMPOSITION PRODUCTS IN A FIRE

None

FIRE EXTINGUISHER AGENTS

Water, CO2, foam, dry agents.

PROTECTION for FIRE FIGHTERS

Self-contained breathing apparatus.

SPECIFIC METHODS

As above.

6. ACCIDENTAL RELEASE MEASURES

PRECAUTIONS:

PERSONAL

Self-contained breathing apparatus if in confined spaces.

ENVIRONMENTAL

None known.

METHODS FOR CLEANING

Collect mechanically and wash remainder off with water.

PREVENTION OF SECONDARY HAZARDS

Collect undamaged product in dry containers.

PROTECTIVE CLOTHING

As above.

7. HANDLING and STORAGE

HANDLING

As per label instructions.

ENVIRONMENTAL

No known hazards.

STORAGE

Cool and dry conditions.

PACKAGING MATERIALS

Recommended packaging: Original sealed container/ packaging.

8. EXPOSURE CONTROLS and PERSONAL PROTECTION AND CLOTHING EXPOSURE LIMITS

PERSONAL PROTECTION

APPLICATION

None

MANUFACTURE

Protective mask and glasses where excessive dust present. Suitable protective clothing.

EMERGENCY

As for Point 6 - Accidental Release Measures.

SPECIFIC HYGIENE MEASURES

Wash after handling.

9. PHYSICAL and CHEMICAL PROPERTIES

Description : A slightly granular powder with light tan colour

Solubility : Reasonably soluble

10. STABILITY and REACTIVITY

Stability : Stable under dry, cool conditions.

Fire : Oxidizing agent is chlorine.

Chemical Contact : Avoid chlorine.

11. TOXICOLOGICAL INFORMATION

ACUTE TOXICITY

Food grade ingredients. None known except in the case of persons allergic to eggs.

ACUTE SYMPTOMS OF HUMAN EXPOSURE:

INHALATION

See point 3 – Hazards Identification.

SKIN

See Point 3 – Hazards Identification.

EYE

See Point 3 – Hazards Identification.

INGESTION

See Point 3 – Hazards Identification.

EFFECTS DUE TO REPEATED and/or PROLONGED EXPOSURE:

DELAYED EFFECTS

None known.

CHRONIC STUDIES

Not available.

MODE OF ACTION OF ACTIVE INGREDIENT:

Protein –based attractant for houseflies (contains pheromones that attract female flies. Regarded as non-toxic as it contains **NO** Active Ingredients (AI).

Seeing that it does not contain an AI, no pesticidal/insecticidal actions occur in process of targeting of the problem organism.

12 ECOLOGICAL INFORMATION

Toxicity to fish : No

Toxicity to hare : No

Toxicity to quail : No

Toxicity to duckling : No

Toxicity to bees : No

Degradation : Degrades readily in the environment

Bioaccumulation : None known

13. DISPOSAL CONSIDERATIONS

ACCIDENTAL SPILLAGE

Collect spillage into suitable containers and wash down residue with water. In accordance with local authority regulations.

WASTE FROM RESIDUES

In municipal collection containers. In accordance with local authority regulations.

DISPOSAL OF USED PACKAGING MATERIAL

In Municipal collection containers.

14. TRANSPORT INFORMATION

INTERNATIONAL REGULATIONS:

UN No : N/A

Can be safely transported via bulk or mini-bulk transport

15. REGULATORY INFORMATION

Product contains only food grade ingredients and is not dangerous to health.

Non-toxic control product.

16. OTHER INFORMATION

All information is given in good faith but without guarantee in respect of accuracy, and no responsibility is accepted for errors or omissions or the consequences thereof.
