

# Rodenticides

## Ridak Pasta

A highly active anticoagulant ready-for-use pasta bait for the control of rats and mice in the domestic, industrial and public health markets

- ▶ Highly palatable formulation, rich in proteins and fats which rodents find hard to resist. Attractive aroma helps encourage bait take from even the most reluctant rodents
- ▶ Highly active, multi-feed, anticoagulant rodenticide pasta bait
- ▶ Contains denatonium benzoate to prevent accidental human consumption.
- ▶ Contains a stabiliser to prolong the attractiveness of the bait as well as a preservative which helps prevent bacterial and fungal attack
- ▶ Covers both dietary needs i.e. food & water

**PACKAGING:** 5 kg container

## Ridak Bait Blocks

A highly active anticoagulant ready-for-use bait block for the control of rats and mice in the domestic, industrial and public health markets and gerbils in agriculture

- ▶ Highly active, multi-feed, anticoagulant rodenticide bait
- ▶ Highly palatable, low wax, compressed difenacoum grain bait blocks with active mould protection for extended indoor and outdoor use
- ▶ Contains denatonium benzoate to prevent accidental human consumption.
- ▶ Quick, easy and secure use

**PACKAGING:** 2.5 kg, 5 kg 10 kg & 20 kg container
