

SAFETY DATA SHEET

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Identification of the product: Coopers Fly Catch Bait

Other identifier: Tan powder

Manufacturer:

Coopers Manufacturing CC

Reg. No. 2004/015647/23

Emergency Contact Numbers:

Griffon Poison Information Centre - 082 446 8946

2. HAZARD IDENTIFICATION

No hazards identified according to the GHS.

3. COMPOSITION INFORMATION ON INGREDIENTS:

No hazardous components identified according to the GHS.

4. FIRST AID MEASURES:

Skin contact: Wash with water.

Eye contact: Rinse with lukewarm water. Seek medical attention. Treat symptoms.

Inhalation: Treat symptoms if patient experiences discomfort.

Ingestion: Administer 500 ml water to dilute stomach contents. Seek medical attention if patient experiences discomfort. Treat symptoms.

5. FIRE FIGHTING MEASURES:

Not flammable or combustible.

Fire extinguishing agents to be used: All media suitable for surrounding fire.

Specific hazards: Dust may form explosive mixtures in air. Decomposition in large fires may produce oxides of carbon and sulfur (CO, SO_x).

6. ACCIDENTAL RELEASE MEASURES:

Personal precautions: Use gloves. Avoid contact with the skin, eyes and clothing.

Environmental precautions: No specific requirements.

Methods for cleaning up or taking up: If referring to the dry bait; sweep up and dispose of in municipal collection containers. When referring to the liquid mixture; use a hosepipe to spray the mixture into a drain or into the soil.

7. HANDLING AND STORAGE:

Storage: Store away from food and foodstuffs, in a cool, well ventilated area.

Handling: Not for human or animal consumption. Wear rubber gloves when handling or mixing bait. Wash thoroughly with soap and water after accidental contact.

8. EXPOSURE CONTROL AND PERSONAL PROTECTION:

Personal protection:

No special requirements.

General safety and hygiene measures:

Safety shower or eye-wash basin.

9. PHYSICAL AND CHEMICAL PROPERTIES:

Description: A slightly granular powder with tan colour

Colour: Tan

Odour: Fishy

10. STABILITY AND REACTIVITY:

Stability: Stable under dry, cool conditions.

11. TOXICOLOGICAL INFORMATION:

Formulated product toxicity:

According to the information at hand, this product is not calculated as toxic or harmful through oral, dermal or inhalation routes.

12. ECOLOGICAL INFORMATION:

This product is not known to be hazardous to the environment.

13. DISPOSAL CONSIDERATIONS:

Disposal of residue: In municipal collection containers. In accordance with local authority regulations. The liquid contents should be disposed of within a sewage drain.

Disposal of used packaging material: In municipal collection containers. In accordance with local authority regulations.

14. TRANSPORT INFORMATION:

UN Number: Not regulated

Not classed i.e. considered non-hazardous material according to UN Orange Book and international transport codes e.g. RID (rail), ADR (road) and IMDG (sea).

15. REGULATORY INFORMATION:

Safety, health and environmental regulations/legislation specific for the substance or mixture:

If other regulatory information applies that is not already provided elsewhere in this safety data sheet, then it is described in this subsection.

Chemical Safety Assessment

Advice on product handling can be found in sections 7 and 8 of this safety data sheet.

16. OTHER INFORMATION:

The data contained in this safety data sheet are based on our current knowledge and experience and describe the product only with regard to safety requirements. The data do not describe the product's properties (product specification). Neither should any agreed property nor the suitability of the product for any specific purpose be deduced from the data contained in the safety data sheet. It is the responsibility of the recipient of the product to ensure any proprietary rights and existing laws and legislation are observed.
